PROFESSIONAL EXPERIENCE

Commissioner New York State Office of Mental Health **2013- present**

Dr. Ann Marie Sullivan is currently Commissioner of the New York State Office of Mental Health, responsible for a large, multi-faceted mental health system that serves more than 800,000 individuals each year. The Office of Mental Health (OMH) operates psychiatric centers across the State, and also oversees more than 4,500 community programs, including inpatient and outpatient programs, emergency, community support, residential and family care programs.

As Commissioner, she has guided the transformation of the state hospital system in its emphasis on recovery and expansion of community based treatment, reinvesting over 90 million dollars in community services and redesigning the Medicaid benefit for the seriously mentally ill, embedding critical recovery services such as crisis respite, peer, educational and employment supports. She has expanded services for the mentally ill in prisons and in the much needed community based continuum of care for those leaving prison and returning to their community. As Commissioner she has expanded preventive services for children ages zero to five, spread across New York State First Episode Psychosis Teams, greatly expanded statewide Collaborative Care in Primary Care and improved Parity laws and accountability, including state approval of medical necessity criteria.

Queens Health Network Senior Vice President **2006 –2013**

Administrative responsibility for the Queens Health Network of the New York City Health and Hospitals Corporation, composed of Elmhurst and Queens Hospital Centers. The Network includes 806 acute care inpatient beds, extensive primary care and specialty outpatient and community based services, a Level 1

Trauma Center, and comprehensive mental health and chemical dependency services. As an affiliate of the Mount Sinai School of Medicine, the Network has over 40 residency training programs and is a medical student site. The Network is the safety net public system for the 2 million residents of Queens, and serves one of the most ethnically diverse populations in the United States.

Mental Health Services at Elmhurst and Queens Hospitals include: 207 adult, child and adolescent and forensic beds; 3 partial hospitalization programs; outpatient clinic services providing over 100,000 visits; Comprehensive Psychiatric Emergency Programs; three ACT Teams; Asian and Hispanic bi-cultural services; and intensive child services at Elmhurst Hospital including inpatient, emergency services, urgent care, Home Based Crisis, Mobile outreach and school based program. Elmhurst and Queens also have extensive chemical dependency programs including a Methadone program, two chemical dependency clinics, Alcohol Day Rehabilitation program, Alcohol Half-Way House and Harm Reduction Programs.
